You have seen Scott's invention on **Star Trek**, In **Spectrum Holobyte's Star Trek Experience** in **Las Vegas**, at **SGI's** and the **University of Illinois CAVE** and in many venues around the globe. Multiple seminal patents for this technology were issued to Scott by the U.S. Government after extensive federal research proved that he was the first-to-invent and build the technology.

Scott's invention was acknowledged by The White House multiple times:

Scott's system has been deployed, demonstrated, operated and delivered for clients and military operations around the world.

AS SEEN IN STAR TREK'S VISUALIZATION OF THE TECHNOLOGY WHICH IS CALLED "THE HOLODECK" ON THE TV SERIES:

SCOTT'S INVENTION WAS FEATURED IN OLIVER STONE'S PRODUCTION OF "WILD PALMS". IN THE FOLLOWING E! ENTERTAINMENT NETWORK BROADCAST, SCOTT DESCRIBES CONSULTING FOR OLIVER STONE'S PRODUCTION COMPANY:
